*“Nutrition, Education and Healthcare should be provided to every child free-of-cost irrespective of their social or economic status. While many may think of it as an expenditure, I strongly believe that it’s an investment and a very necessary one, not only in the children but in the very future of this world.”*

**- Sadguru Sri Madhusudan Sai**

## SADGURU SRI MADHUSUDAN SAI

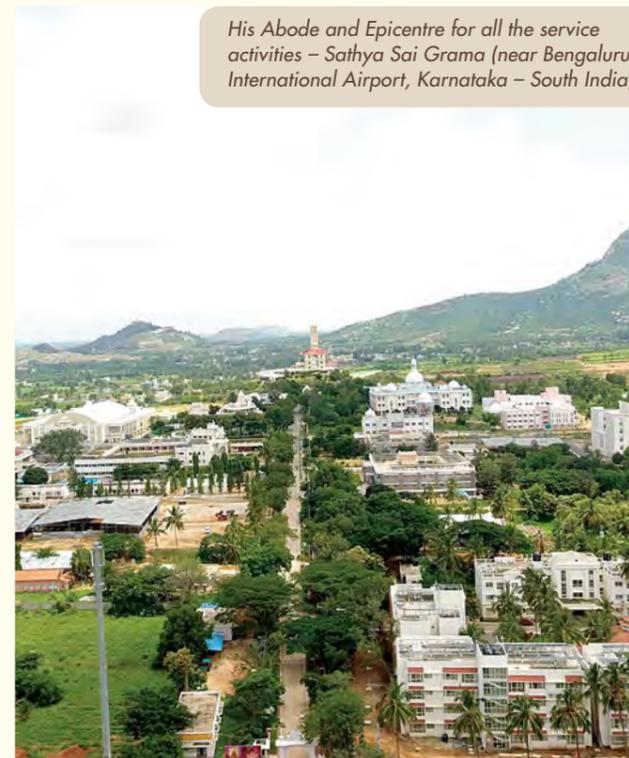

Sadguru Sri Madhusudan Sai spearheads the mission of love and service as propounded by Sri Sathya Sai Baba. Walking in the footsteps of Baba, his Guru and God, Sri Madhusudan Sai is instrumental in furthering Baba’s mission by establishing various humanitarian service projects across **33 Countries**. Since 2011, he has been leading dedicated volunteers and passionate individuals to establish institutes of excellence in Education, Healthcare, Nutrition and Spirituality across the world.

Today, **four super speciality paediatric cardiac care hospitals, a multi-disciplinary secondary care hospital, two exclusive mother and child hospitals, 27 values-based educational campuses** in South India, a *veda gurukulam* to promote learning and research in *vedic studies*, and a

morning nutrition programme which nourishes **over 500,000 school-going children** every single day, have been established to offer services absolutely free of cost to children from needy and impoverished backgrounds.

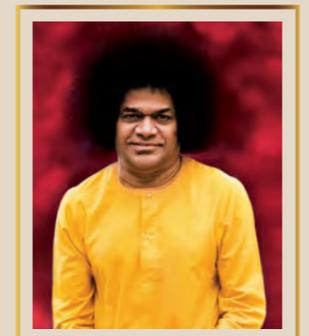

**Over 100,000 little hearts** have been mended at the temples of healing and **5,000 rural children** have been empowered with values-based integral education at the temples of learning, and **12 Centres for Human Development in 12 countries** have been established to carry out spiritual and service activities across the world. The life of Sri Madhusudan Sai is indeed a reflection of Baba’s message of love and service, as several lives are being illumined through these benevolent acts of service every single day.

## SRI SATHYA SAI BABA

Sri Sathya Sai Baba who is well-known as a humanitarian to the world, a philanthropist to agnostics, a spiritual *Guru* to millions, and revered by many as a divine soul from India, established a spiritual universe and put it on the world’s consciousness. His life’s work, especially for the underprivileged through His initiatives across education, healthcare, drinking water, nutrition and rural development has benefited millions across the world. He valued service more than anything in His life.

His message of ‘Love All, Serve All’ and ‘Help Ever, Hurt Never’ formed the basis for all the philanthropic work. Though He shed His mortal coil in April 2011, He continues this glorious mission of awakening the Divinity latent in all of mankind, through the instrumentation of Sadguru Sri Madhusudan Sai.

HONOURABLE UNION MINISTER OF HOME AFFAIRS,  
MR AMIT SHAH VISITS SATHYA SAI GRAMA,  
MUDDENAHALLI TO LAY THE FOUNDATION STONE FOR A  
FREE OF COST 400-BEDDED MULTI-SPECIALITY HOSPITAL

**O**n April 01, 2022, Honourable Union Minister of Home Affairs, Mr Amit Shah laid the foundation stone for a completely free of cost new **400-bedded multi-speciality hospital** adjoining Sri Sathya Sai Sarla Memorial Hospital at Sathya Sai Grama, Muddenahalli in the presence of Sadguru Sri Madhusudan Sai.

Understanding the growing needs for healthcare that can cater to the poorest of the poor, without charging a penny, the Sri Sathya Sai Sarla Memorial Hospital is all set to expand to this **400-bedded multi-speciality facility**, which is the first step towards establishing India's first free Medical College, to offer completely free of cost medical education to the rural poor.

April 01, 2022

*“The vision of selfless service that I have seen here, speaks for itself. The strength and the futuristic vision with which selfless service activities are being carried out here, with no desire for name or fame, by only keeping the welfare of the whole nation in mind, with total surrender—makes me fall short of words. Taking inspiration from Sri Sathya Sai*

*Baba's teachings, this institution at Sathya Sai Grama is carrying out a mahā yajña of sevā. Today the ground-breaking ceremony of the 400-bedded hospital took place. Running a free hospital is no easy, it could bring along a lot of challenges. However, I see that the Sri Sathya Sai Sarla Memorial Hospital is running it all free, with upgraded facilities and technology. I am extremely happy to know that the institution is marching towards commencing a free medical college for students—this will be the first-of-its-kind in India. This effort shall definitely find success.”*

INAUGURATION OF SRI SATHYA SAI SANJEEVANI CHILDREN'S HEART HOSPITAL AT SUVA, FIJI BY THE HONOURABLE PRIME MINISTER OF FIJI, MR JOSAI VOREQE BAINIMARAMA

Sri Sathya Sai Sanjeevani Children's Heart Hospital is a state-of-the-art 54-bedded world-class facility spread across 21,000 sq.ft. offering completely free of cost heartcare facility for the children of Fiji. This is the largest project ever undertaken by a Non-Government Organisation (NGO) in Fiji's history. The Hospital will fill the void of absolutely no access to paediatric cardiac service in the Pacific belt, and will save the families needing to take their children overseas for paediatric heart care, which costs in excess of FJD\$100,000.

Inauguration of the Sri Sathya Sai Sanjeevani Children's Heart Hospital by the Honourable Prime Minister of Fiji, Mr Josai Voreqe Bainimarama

AN EXCERPT FROM HONOURABLE PRIME MINISTER OF INDIA, MR NARENDRA MODI'S ADDRESS

The Honourable Prime Minister of India, Mr Narendra Modi joined the inauguration of the Hospital virtually.

*"A Hospital that will take India-Fiji relations to a new height!"*

*"I feel extremely happy to join you all on this august occasion of the inauguration of the Sri Sathya Sai Sanjeevani Children's Heart Hospital in Suva, Fiji. I hail and admire the Government of Fiji, the Sai Prema Foundation Fiji and the Sri Sathya Sai Sanjeevani Chain of Child Heart Care Hospitals in India.*

*I offer my obeisance to Sri Sathya Sai Baba. The seed of 'Service to Humanity' that was sown by Baba in the hearts of people has today grown into a huge banyan tree reaching out to all the people in the form of several service activities. Sri Sathya Sai Baba has done the incredible task of freeing spirituality from ritualistic observances and redirecting it to working for the welfare of all."*

AN EXCERPT FROM HONOURABLE PRIME MINISTER OF FIJI – MR JOSAI VOREQE BAINIMARAMA'S ADDRESS

*"An emotional moment for me that in three days' time, life-saving heart surgeries will commence at this Hospital for the most vulnerable children!"*

*"This hospital is performing life-saving procedures—the likes of which were never possible in Fiji and the entire South Pacific. Every child is a gift, a miracle in their own right, and a beacon of hope for their family and the country. Each child's life deserves to be honoured and protected at all costs. As humans, we are all bound by an inner call to help and ease in some way, the burdens of our fellow brothers and sisters. Today we can see the awe-inspiring result of what becomes possible when we respond to that sacred call.*

*This Hospital was born from the compassion and commitment of the Sai Global Federation of Foundations, which delivers humanitarian services the world over. Over the last three years, the Sai Prema Foundation has saved 25 million dollars—single largest undertaking by an NGO in Fiji's history."*

## EMPOWERING THE FUTURE

### INSPIRING GLOBAL YOUTH

Peer pressure and social circles play an important and impactful role in the lives of youth. To shape their habits and character, Sadguru Sri Madhusudan Sai delivers several impactful and scintillating talks that are fully ripe with modern examples, so that it strikes a chord with the youth.

He advises the youth thus, *“Everybody wants happiness; everybody is chasing happiness. Youth especially are disillusioned by the temporariness of this happiness. Happiness is far subtler a concept because happiness is something which doesn’t depend on anything—it only depends on you. It doesn’t depend on a new watch or a new iphone or a new car or a new job or a new friend. Happiness doesn’t depend on any of these—pleasures depend on all that. Happiness comes from inside when you do something which is in accordance with your nature—that gives you real happiness, and hence it is not influenced by external ideas.”*

*The greatest service you can do to anyone is to be an example to others. Everything in creation is useful to some other thing. Identify your purpose and use your life to help others, and become an example for other youth to follow.”*

Sadguru hosts a five-day World Youth Meet in the month of November every year, during which time youth from over 20 countries arrive at Sathya Sai Grama. He also travels to about 25 countries every year, and conducts Regional Youth Meets to inspire the youth of the world.

### INSPIRING GLOBAL ENTREPRENEURS

Over the last decade or so, there has been a visible shift in the way many organisations conduct business globally, from focussing on the bottom line, to having a more evolved approach to societal responsibilities, which will create a more positive impact on society. It is a very short sighted approach for any organisation to feel that their growth and long-term sustainability can be managed only through profitability. Hence, the answer lies in the existence of a healthy society and an effective organisation, which can transform itself from a financially driven business into a ‘purpose driven’ business.

Sadguru Sri Madhusudan Sai says, *“Organisations should not think that doing charity as an expense, but rather it should be looked at as an investment into their own future. Better societies will lead to better business in the future. So everyone benefits.”*

Every year, the challenges and significant opportunities in using social impact investing to improving rural communities are discussed at the ‘**Ideal Village Conference**’ held at **Stanford University**, and ‘**Corporate Social Investments Dialogue**’ at **Harvard Business School**. These two initiatives of Sadguru embraces many notable corporates and for-profit organisations who come together to deliberate and discuss their role in building meaningful societies.

## HIS TEACHING

### “*aham brahmā, sarvaṁ brahmā*”

‘**I** am God, all is God’, is the simplest way the highest vedāntic truth can be put. To make this idea a living experiential reality for all mankind, is Sadguru’s way of doing His duty towards the greatest seers of ancient India and world over, who taught the oneness of all existence.

Sadguru Sri Madhusudan Sai is on a global mission of teaching this supreme truth to humanity. He passionately and emphatically propagates and encourages everyone, young and old, to constantly meditate upon the four words, “*aham brahmā, sarvaṁ brahmā*”, for the ultimate truth to reveal itself, and be firmly established in all.

The various spiritual discourses delivered by Sadguru Sri Madhusudan Sai, and the service activities that are carried out across the world, under His mentorship and guidance are truly leading humanity towards the highest advaitic realisation of one supreme truth, one united world and one global family.

## HIS PHILOSOPHY

### “*SELF-REALISATION IS MY RELIGION*”

Deeply rooted in the idea of *advaita*, Sadguru Sri Madhusudan Sai believes that the world needs self-realised individuals, more than anything else. For Him, self-realisation is not something which happens after leaving the mortal coil, but rather, it is very natural and totally possible, here and now. His devotion and selfless service to humanity is to prepare more men and women with spiritual character, who will not be swayed away by the vagaries of life, but rather be firm in their conviction of their own spiritual existence.

With the ultimate experience of the transcendental truth, an individual sees the oneness in all creation, and hence it is natural to love and serve all without any distinction. Thus, service finds its foundation in spirituality, and spirituality finds its fulfilment in service.

LOVE – SERVICE – SPIRITUALITY
