SRI LANKA

A photograph showing a man in a white long-sleeved shirt handing a bright green bag to a young girl. The girl is looking at the bag with interest. A woman in a colorful patterned dress stands behind the girl, her hand near the girl's head. The scene is set outdoors, with a corrugated metal wall and a wooden post visible. The right side of the image is overlaid with a semi-transparent orange filter.

Medical Centre

Batticaloa, Sri Lanka

Services commenced in August 2017.

15,800+ patients have been treated to date.

All services and medication are rendered
free of cost.

A nutritious meal is served to all patients
and visitors on clinic days.

The Feeding Program

The Foundation commenced a village outreach program targeting elderly people and children.

During this period over 200+ field visits were made to distribute 32,000 meals to individuals and families two to three times per week.

The Sociocare Initiatives

Since September 2015, the students of the Dharmapuram School have been receiving a banana and a glass of milk daily to supplement nutrition, totaling 42,000 to date.

Playground equipment, stationery, backpacks, shoes and socks have been donated as well.

The Sociocare Initiatives

During the lockdowns, **over Rs. 1.5 million** worth of dry ration packs were distributed to families who lost their means of income due to Covid-19.

Nutritional supplements and medical packs containing balm, fever-reducing medication, herbal teas as well as soap and masks were distributed to families in the village. Special care was taken to prioritise the frail and elderly in the village.
